Chairman's Message

Dear Shareholder,

It has been a tumultuous year for industry as well as the country. The economy slumped and the economic indicators do not show any revival in the immediate future. The automobile industry has been one of the worst hit with most companies pruning production in view of tepid demand. MRF still registered a growth, with a turnover of over Rs.13,400 crores.

Our products continue to be the preferred choice of the customer even though many options are available in the market. It is indeed heartening that the company has been awarded the JD Power Award for the 10th time, a feat achieved by very few companies. We have also become the first Indian company to supply aircraft tyres to the Indian defence, joining the league of select global companies who have the expertise to manufacture these tyres.

Our Sri Lanka operations continue to be profitable and plans are afoot to increase its revenue further. The year ahead would be beset with political uncertainties, impacting the economic environment and one is awaiting clarity on our overall industrial and fiscal policies.

We are however optimistic and will continue to make investments in our existing plants to increase overall revenue and share.

K M Mammen

Chairman & Managing Director

MRF TOPS J.D. POWER STUDY – FOR THE TENTH TIME

MRF was ranked highest in the J.D. Power Asia Pacific 2013 India Original Equipment Tyre Customer Satisfaction Index (TCSI) Study. MRF is the only Indian tyre manufacturer to have won this award for a record 10 times in 13 years and for the fourth consecutive year.

Receiving the highest ranking on four factors that drive satisfaction: appearance, durability, traction / handling and ride, MRF has come out on top. This award is a testimony to the quality of our tyres and our undisputed leadership in the market.

*MRF received the highest numerical score among the tyre manufacturers in the proprietary J.D. Power Asia Pacific 2013 India Original Equipment Tyre Customer Satisfaction (TCSI) Study. The study was based on 4,568 new vehicle owners who purchased their vehicles between May 2010 and August 2011. Proprietary study results are based on experiences and perceptions of consumers/businesses/business users surveyed in May-August 2012. Your experience may vary.

NEW PRODUCT LAUNCHES – MOGRIP | STEEL MUSCLE

MOGRIP SERIES FOR 2-WHEELERS:

The Mogrip is for on and off road applications. It has a directional and aggressive block design with a stylish tread pattern and offers a good road grip.

TRUCK RADIAL Steel Muscle S1M4 10.00 R 20:

MRF Steel Muscle S1M4 is a premium radial tyre with zig-zag tread pattern for optimum traction in all wheel fitment. Its unique design enhances mileage.

The ZLO range of hi-speed passenger car radial tyres was launched last year and was accepted by the customers. This year we've added broader sizes in this series for premium cars like Jaguar, Audi, BMW, Porsche and Mercedes Benz.

ADDING MUSCLE TO THE NATION'S SECURITY – AERO MUSCLE

MRF's Aero Muscle, the only Indian tyre approved by CEMILAC was chosen for the main wheels of the legendary fighter jet – Sukhoi 30 MKI.

These advanced aviation tyres have been designed and developed by the MRF R&D. MRF already provides the tyres for the Chetak Helicopters.

MRF OPENS ITS 300th OUTLET

This year we opened our 300th T&S store at Kancheepuram, Tamil Nadu.

These T&S outlets provide world class ambience with services like wheel alignment and balancing, automatic tyre changing, nitrogen filling and tubeless tyre repair. These services are done by the MRF trained service personnel.

SPECIALITY COATINGS

MRF Corp Limited achieved a growth of around 18% by value in 2012-13. We have added over 325 clients during 2013 contributing 273 Kl.

Some of the projects undertaken last year were:

- Hotel Le Meridian, Jaipur - Wood Coatings
- Oberoi Realities, Mumbai - Metal Finishes
- Jamshedpur Medical College - Epoxy Flooring

A breakthrough has been made in the supply of PU paints to the Rig manufacturers at Hyderabad and Coimbatore.

MRF FORMULA CHAMPIONSHIP 2013

The Round I of the 2013 Championship was kicked off in October at the Buddh International Circuit, Delhi.

The Round 2 was held at the BIC, Bahrain in November and Round 3 is scheduled at the same venue. This will be followed up by Round 4 at the MMRT, Chennai in February, 2014.

FIFTH APRC TITLE FOR TEAM MRF

After winning titles in 2003, 2005, 2010 and 2012, Team MRF has won the 2013 FIA Asia Pacific Rally Championship (APRC) with Gaurav Gill (India) winning the driver's title and Glenn Macneall (Australia) winning the co-driver's title. Team MRF ŠKODA is also the winner of the APRC Teams' award.

MRF also underlined their dominance by helping teammate Esepekka Lappi win the Rally China and secure second position on the Championship podium.

25+ YEARS OF THE MRF PACE FOUNDATION

The MRF Pace Foundation is the only institution in the world which is dedicated exclusively to training pace bowlers. With an unrivalled record of 16 Indian players and over 2000 international wickets, the Pace Foundation is entering a new phase led by Glenn McGrath, who took over the mantle from the legendary Dennis Lillee as Director of the MRF Pace Foundation.

This year MRF has signed up the bright young sparks of Indian cricket, Virat Kohli and Shikhar Dhawan as brand ambassadors; in addition to Gautam Gambhir who continues in his role.

DIRECTORS' REPORT

Your Directors have pleasure in presenting to you the Fifty Third Annual Report and the Audited Statement of Accounts for the year ended 30th September, 2013.

Working of the Company

Financial Results

During the year under review, the Company achieved the following financial results:

	(₹ Crore)	
	2012-13	2011-12
Total Income	13482	13094
Profit before tax	1227	833
Provision for taxation	425	261
Net Profit	802	572

During the year under review, your Company's total income increased by around 3% to ₹ 13482 crore from ₹ 13094 crore in the previous year.

There was an increase of 4% in total tyre production in almost all segments. During the year, the raw material prices were stable and this contributed to the margins of the Company despite depreciation of rupee. This apart, your Company could achieve improved results, due to improved operating efficiencies and cost reduction measures which the Company has undertaken over a period of time.

Two interim dividends of ₹ 3 each per share (30% each) for the year ended 30th September, 2013 were declared by the Board of Directors on 25-07-2013 and on 24-10-2013. The Board of Directors is now pleased to recommend a final dividend of ₹ 24 per share (240%) on the paid-up equity share capital of the Company, for consideration and approval of the shareholders at the Annual General Meeting. With this, the total dividend for the entire year works out to ₹ 30 per share (300%). The total amount of dividends aggregates to ₹ 12.72 crore.

The Directors recommend that after making provision for taxation, debenture redemption reserve and proposed dividend, an amount of ₹ 758.82 crore be transferred to General Reserve. With this, the Company's Reserves and Surplus stands at ₹ 3640.90 crore.

Industrial Relations

Overall, the industrial relations in all our manufacturing units have been harmonious as well as cordial, except in Kottayam unit wherein the unions resorted to various forms of work stoppages and strikes which affected the production to a large extent and in Arakonam unit on certain issues. Both production and productivity were maintained at the desired satisfactory levels throughout the year.

The Management Discussion and Analysis which is attached with this report gives an overview of the developments in human resources/ industrial relations during the year.

Exports

The Company's exports stood at ₹ 1293 crore for the year ended 30th September, 2013 as against ₹ 1281 crore for the previous year.

It was a very challenging year for the Company with the global markets showing very clear signs of a slowdown resulting in over supply and prices going on a downward spiral. In spite of these factors, export revenues posted a nominal growth of 1% over the previous year.

Prospects for the Current Year

The automobile industry is going through a recession and it is unlikely to turn favourable in the immediate future. This would have a bearing on tyre demand. The after-market demand continues to prop up the tyre industry demand. The capacity additions in the tyre industry would further fuel competition and this could put pressure on margins especially in the truck radial segment.

Your Company hopes to record satisfactory results on account of MRF's high brand preference and trust reposed by customers in MRF products.

Directors' Responsibility Statement

In compliance with the provisions of Section 217 (2AA) of the Companies Act, 1956, your Directors confirm that:

- (i) in the preparation of the annual accounts, the applicable accounting standards have been followed and that there are no material departures;
- (ii) they have, in selection of the accounting policies, consulted the statutory auditors and applied them consistently, making judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for that period;
- (iii) proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (iv) the annual accounts have been prepared on a going concern basis.

Subsidiaries

Pursuant to the provisions of Section 212(8) of the Companies Act, 1956, the Ministry of Corporate Affairs, Government of India, vide its General Circular No. 2/2011 dated 08-02-2011, has granted a general exemption subject to certain conditions to holding companies from complying with the provisions of Section 212 of the Companies Act, 1956, which requires the attaching of the balance sheet, profit and loss account etc., of the subsidiaries.

The Board of Directors at their meeting held on 25th July, 2013 passed necessary resolution according consent for not attaching the financial statements in respect of all the subsidiary companies for the year ended 30th September, 2013. The statement pursuant to Section 212 of the Companies Act, 1956 containing details of Company's subsidiaries is attached.

In accordance with the Accounting Standard AS-21 issued by the Institute of Chartered Accountants of India, Consolidated Financial statements presented by your Company include the financial information of all its subsidiaries.

The annual accounts of the subsidiary companies along with the report of the directors and auditors thereon and all related detailed information will be made available to shareholders of the Company on request and will also be kept open for inspection at the registered office of the Company.

ANNEXURE TO THE DIRECTORS' REPORT

Particulars required under the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988.

A. CONSERVATION OF ENERGY

- a) The major energy conservation measures implemented during the year include installation of coal fired boilers, flash steam recovery from the steam header lines, improved insulation of steam pipe lines, steam trap audits and study on steam generation and consumption, installation of auto power factor control capacitor banks in all our plants, conducting compressed air leak study and optimization of process air pressure, eliminating idle running of equipment, providing inter locks with the master equipment and providing VFD for boiler FD fans.
- b) Additional investments are being proposed for replacement of tube lights with low watt LED tube lights, replacement of metal halide with induction lights, optimizing of chilled water systems, eliminating idle running of water pumps in process lines, regular energy audit by internal and external agency.
- c) The energy conservation measures as listed above have been undertaken and these have resulted in lower fuel consumption / ton of production. However, due to production ramp up activities in two of our New Manufacturing facilities, the overall units/ ton for power, increased marginally.

RESEARCH AND DEVELOPMENT (R & D)

1. Specific areas in which R & D was carried out by the Company.

- a) Development of new products.
- b) Introduction of new raw materials to achieve specific properties.
- c) Development of alternate sources for raw materials.
- d) Process improvements for energy saving and productivity increase.
- e) Achieving greater accuracy through process equipment modification and automation.
- f) Import substitution.

2. Benefits derived as a result of the above R & D

The R & D activities are carried out in our separate, independent, fully equipped R & D center, in the R & D laboratories at all manufacturing units, the R & D laboratory for natural rubber at Kottayam and the shop floor of all our manufacturing operations.

New products are continuously developed to meet the increased performance requirements of original equipment suppliers and replacement market.

New raw materials are introduced in our products to improve product performance. Raw materials from alternate sources are evaluated and approved for quality and cost considerations.

Process modification is continuously made for optimization of energy consumption and productivity increase.

Modernization and automation of process equipment are done to achieve greater accuracy and narrow tolerance levels.

Continuous development and introduction of new products for various applications such as :

- a) Original Equipment Manufacturers
- b) Domestic market

- c) Export market
- d) Farm service
- e) Off The Road
- f) High performance bias and radial tyres
- g) Aircraft tyres
- h) Defence sector
- i) Rallies and Races
- j) Inner tubes
- k) Retread market
- l) Belting industry

3. Future plan of action

R & D efforts are taken to develop high performance truck radial tyres to achieve superior mileage and durability characteristics. With increasing radialisation in the truck segment and many of the global and domestic competitors setting up their additional production facilities in India, the competition in this segment is expected to be higher.

The performance requirements of passenger radial car tyres have increased manifold with the introduction of new, high-end passenger cars by global players who have set up manufacturing facilities in India. Efforts are taken to develop tyres to meet this increased requirement particularly with respect to tyre noise, lower rolling resistance, traction, higher speed capabilities and higher comfort levels.

Collaborative projects are planned with original equipment suppliers to develop fuel efficient, lower rolling resistant tyres for specialized applications.

With the development of new highways all over the country, the durability and high speed requirement of passenger, truck and two wheeler tyres of both radial and bias , have gone up. New designs and compounds are continuously developed to improve these properties.

R & D efforts are being taken to meet the increased performance requirement of aircraft tyres for defence application.

Priority is also given for meeting increased performance requirement in off the road tyre, race and rally tyre, pre cured tread rubber, inner tube and conveyor belt segments.

Efforts are taken to avoid usage of hazardous chemicals in our compounds in order to meet domestic and global pollution requirements.

4. Expenditure on R&D	2012-13	2011-12

TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION

1. Efforts in brief made towards technology absorption, adaptation and innovation

a) Evaluation of new materials

New raw materials are evaluated and introduced into our formulations under specific technical programmes to achieve required properties.

b) New product development

New products are developed with increased product performance by adapting to different design and compound changes.

c) New process development

New innovative process changes are made to improve consistency and uniformity. This has also resulted in energy savings and productivity increase.

d) Development of equipment and machinery

Development and modification of equipment are done to improve product consistency, reduce down times and increase productivity.

2. Benefits derived as a result of the above efforts

a) Product Improvement

Usage of new raw materials and development of new formulations have resulted in superior product performance.

b) Cost reduction

Development and usage of raw materials from alternate sources have resulted in substantial cost saving.

Improvements achieved in the process have resulted in reduction in waste loss and improved machine utilization which has yielded cost reduction.

c) Product development

Efforts taken in the R & D have resulted in the development of new products meeting the performance requirements of domestic and export customers.

d) Import Substitution

Indigenously developed raw materials and process equipment have resulted in substantial savings and have helped in import substitution.

B. FOREIGN EXCHANGE EARNINGS AND OUTGO:

MANAGEMENT DISCUSSION AND ANALYSIS

(Within the limits set by the Company's competitive position)

The core business of MRF is manufacturing, distribution and sale of tyres for various kinds of vehicles. The management discussion and analysis given below discusses the key issues for various sectors of the business.

Tyre Industry Structure and Development

The turnover of the Indian tyre Industry is estimated to be around ₹ 44,000 crore for the period 2012-2013. During this period, exports accounted for ₹4,800 crore. 1245 lakh tyres were manufactured by the tyre companies. Ten top tyre Companies' production constitute over 90% of the total tyre production. Around 65% of the total tyre industry tonnage is sold in the replacement market and OE market comprises about 24% of the tonnage, the balance being exports.

Commercial tyres (which include HCV, LCV & SCV) contribute to around 65% of the total tyre industry tonnage wherein 78% of the production tonnage is sold in the replacement market and OE market comprises about 14% of the tonnage and exports 8%. For the passenger car group, around 47% of tyres manufactured are sold to OEMs and around 49% caters to the replacement segment.

In the truck tyre sector, the commercial segments continue to be primarily dominated by cross-ply due to very poor road conditions, loading patterns and high initial cost of radials. The radialisation pattern of various product groups is as follows: passenger - 98% , light commercial vehicle - 22% and heavy commercial vehicle - 25%. Radialisation in commercial vehicles segment is expected to grow by 3% to 4% during 2013-14.

During 2012-13, in the vehicle manufacturing sector, there has been a dip of 30% in the production of heavy commercial vehicles and a 11% increase in light commercial vehicles. There was a 5% decline in the small commercial vehicle segment. The passenger car group production also saw a decrease of 4%. Whereas in the utility group, there has been an increase of 21% over the last year. In two wheelers, scooters witnessed a 11% increase whilst in motorcycle segment, the production remained flat. In the farm segment, there was an 8% increase in production over 2011-12.

The tyre industry provides direct and indirect employment to one million people comprising of dealers, retreaders and truck operators. The truck operations are controlled by nearly 2.6 million small operators.

There are around 5000 tyre dealers spread throughout the country, mostly selling multibrand across their counters.

Opportunities and Threats

The worldwide recession continues throughout the rest of the world mainly in USA and Europe. Economic situation in India, though volatile, is far better and conducive to robust growth. With growth all around, foreign investors will prefer to invest in India, over China, since they cater mainly to the export markets.

Multinational tyre companies will enter the Indian market with more investments and this development will intensify competition and could also cause a glut in the Indian market.

Despite several representations to the government, the inverted tax issue is yet to be resolved. Duty concessions should be extended to the imports of raw materials by the tyre manufacturers.

The performance of tyre manufacturers is affected by raw material costs like natural rubber and petroleum derivatives. The volatility in rubber prices will be a strain on the margins of tyre companies. A permanent reduction in rubber import duties would ease the pressures of the Indian tyre industry. There is a limitation to which cost escalations can be passed on to the end users and also it is challenging to increase the prices of tyres to OEMs.

Segment wise and Product wise Performance

During the period 2012-13, MRF achieved a sales turnover of ₹ 13445 crore. This is an increase of around 3% over the previous year. There was an increase of 4% in total tyre production in almost all segments. In the heavy commercial vehicle group, the largest segment, the increase was 5% over the last year and in light commercial vehicle group, the increase was 5%. In the motorcycle and scooter segments there was no visible increase over the previous year. The passenger car group registered an increase of 6%.

Exports

It was a very challenging year for MRF with the global markets showing very clear signs of a slowdown resulting in over supply and prices going on a downward spiral. MRF had overall supply issues more in terms of strategically servicing the continuing domestic after-market demand and deciding to maintain the export volumes in line with the previous year. In spite of these factors, export revenues posted a nominal growth of 1% over the previous year.

MRF was awarded the "Highest Export Award [Auto Tyre Sector]" by the All India Rubber Industries Association yet another time during the period under review.

Outlook

The automobile industry is going through a recession and it is unlikely to turn favourable in the immediate future. This would have a bearing on tyre demand. The after-market demand continues to prop up the tyre industry demand. The capacity additions in the tyre industry would further fuel competition and this could put pressure on margins especially in the truck radial segment.

Performance of the Company

The sales turnover of the Company during the year increased by around 3% from ₹ 13054 crore in 2011-12 to ₹ 13445 crore in 2012-13. Earnings before depreciation and interest (EBIDTA) amounted to ₹ 1796 crore against ₹ 1293 crore in the previous year. After providing for depreciation and interest, the profit before tax for the year ended 30th September, 2013 was ₹ 1227 crore as compared to ₹ 833 crore in the previous year. After making provision for income-tax, the net profit for the year stood at ₹ 802 crore as compared to ₹ 572 crore in the previous year.

Internal Control Systems and their Adequacy

The Company has adequate internal control systems in place and also has reasonable assurance on authorizing, recording and reporting transactions of its operations in all material respects and in providing protection and safeguard against misuse or loss of assets of the Company. The Company has in place, well documented procedures covering financial and operational functions commensurate with the size and complexities of the organization.

Some of the salient features of the internal control system in place are:-

- i. Following the statutory and applicable Accounting Standards and Policies.
- ii. A robust ERP system connecting all plants, sales offices and head office enabling seamless data and information flow. This is constantly reviewed to enhance the internal control check points.
- iii. Preparation of annual budget for operation and service functions and monitoring the same with actual performance at regular intervals.
- iv. All assets are properly recorded and procedures have been put in place to safeguard against any loss or unauthorized use or disposal.
- v. Internal audit department carries out periodic audit at all locations and functions.
- vi. The observations arising out of internal audit are periodically reviewed at the Audit Committee meetings along with follow up action.

- vii. Periodic presentations are made to the Audit Committee on various operational and financial risks faced by the Company and action plan of the Company to mitigate the same

Discussion on Financial Performance with respect to Operational Performance

	2012-13	2011-12
Sales	13445	13054
Other Income	37	40
Total Income	13482	13094
Profit before taxation	1227	833
Provision for taxation	425	261
Profit after taxation	802	572

The price of Natural Rubber, Synthetic Rubber and Carbon Black were stable during the year and contributed to the margins. The operations of the Company predominantly relate to manufacture of rubber products such as tyres, tubes, flaps, tread rubber and conveyor belt and this constitutes the major business segment. Other business operations of the Company are dealing in sports goods and other products, which do not contribute significantly to the total revenue of the Company.

Risks and Concerns

The industrial production was affected by the continuous increase in wholesale price index during the year. India's GDP growth in 2012-13 was 5.0% when compared to 6.9% in 2011-12. The growth in index of industrial production was nominal during the year. The Indian Tyre industry in particular was affected by decreased demand from the OEMs and replacement market. This, coupled with the depreciation in rupee, affected the automobile industry, particularly vehicle manufacturers. Being dependent on the automobile sector, our growth was severely hindered.

The Audit Committee and Board of Directors have been apprised about the major business risks identified by the Company and the steps proposed to mitigate them.

Human Resources

Strong business growth and expansions across MRF plants were taking place rapidly to meet the demand leading to continuous recruitment. For the bright and talented young workforce, MRF was the right place to join and develop a career. Recruitments were regularly done through using scientific tools and with the help of assessment centers. Induction and orientation programs continued to be more customized and designed to make the new entrants feel at home. Operatives were recruited and trained by NTTF. Syllabus was updated and customized to suit current

requirements that helped operatives settle into their jobs effortlessly. The practice of training first line supervisors from various plants of MRF, on technical, managerial and leadership skills, that ran for more than a few months, continued. This proved to be a successful method.

MRF also sustained its focus on leadership training for union leaders, opinion makers and also for staff & managers this year. Intensive programs were continued in many phases, covering many from our factories. Experts were also invited to share their experience with specific targets group for building relationship. Senior Leadership Programs (SLP) progressed as per design, providing a comprehensive training for senior leaders in the organization.

Simultaneously, MRF also continued to focus on Management Development Programmes and Executive Development Programmes for preparing managers to take up the growing managerial needs due to expansion. Other training activities at corporate level were as in the past, focused on management and leadership development. Unit specific training programs were followed up with productivity linked projects. The programs were facilitated by external and internal faculty members. The ongoing technical training program on products, processes and technology for operators and technical staff continued during the year.

Industrial relations scenario across all our manufacturing plants during the year was smooth and consistent except for a few issues at Kottayam unit. During the year, long-term agreements were signed in Arakonam and Kottayam units. The volatile and continuously changing economic condition had great impact on the demands during LTA discussions which were smoothly and peacefully negotiated resulting in mutually beneficial settlements. It was possible to achieve this due to the pro-active IR interventions to sustain our relationship with the employees.

TPM (Total Productive Maintenance) was taken up seriously by all at MRF. This continued to be a way of life across all the units of MRF. To promote the TPM culture, the employees were continuously encouraged and motivated to adopt 'Kaizen principles' which were duly rewarded and implemented at the work place.

New features in SAP were developed and implemented to encourage and leverage continuous improvement. Customized interventions were designed for addressing specific process related problems. Continuous process improvements were made through SAP for increasing productivity.

The total employee strength as on 30th September, 2013 was 15,343.

Corporate Social Responsibility

During the year 2012-13, the Company continued to invest time, effort

and resources in promoting social welfare and progress. Some of the initiatives undertaken during the year are as follows :

Education:

MRF continued its focus on the education of youth and in the nurturing of skills, talents and values in children. The Company firmly believes that by investing in education, we would be ensuring a better quality of life for the next generation.

Some of the activities undertaken in this regard were awarding merit-based academic scholarships to children of local village government schools, providing infrastructure for government schools, distribution of note books, emphasizing the importance of a clean and green environment through competitions in oratory, dramatics, drawing and poetry and sponsoring of local sports tournaments.

Driver Development:

The MRF Institute of Driver Development (MIDD), a pioneering institute providing driver training in light and heavy commercial vehicles, has a track record of over 26 years. Right from its inception, the institute epitomized a mission far nobler than merely training drivers. The objective was of moulding rural youngsters who were deprived of opportunities, into competent and cultured professionals, contributing immensely to the road transport industry and the society at large. The institute has turned out 265 drivers during the year 2012-13, which includes 123 drivers who have done a refresher course. Immediately after training, placement assistance is provided for all needy drivers, with reputed transporters and fleet operators.

Health and Rural Infrastructure:

During the year, the Company also conducted various general health camps, speciality medical camps and health awareness programs in villages. Village infrastructural requirements like street lights, traffic islands, etc., and support to local village festivals was also provided.

Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable laws and regulations. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include global and domestic supply and demand conditions affecting selling prices of finished goods, input availability and prices, changes in government regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations.

r) Unclaimed Share Certificates:

In terms of the provisions of Clause 5A of the listing agreement, shares issued pursuant to the public issues or any other issue which remain unclaimed shall be credited to a demat suspense account with one of the depository participants opened by the Company for this purpose. As per the said clause, the Company has sent reminder letters to the shareholders, whose share certificates were lying with the Company due to non-submission of allotment letters. Since good response was received from the shareholders staking their claim for the unclaimed shares, it was decided to send further reminder(s) and take other appropriate measures as may be required before the company proceeds to transfer the unclaimed shares to a suspense account. Shareholders who are in receipt of the reminder letters are requested to write to the Company immediately with requisite supporting documents to enable the Company to issue share certificates. If no response is received, the Company will proceed to credit the shares to unclaimed suspense account. As and when the shareholder approaches the Company with required documents, the Company shall credit the shares lying in the suspense account to the demat account of the shareholder.

AUDITORS' CERTIFICATE

To the Members of

MRF Limited
No. 114, Greams Road,
Chennai - 600 006

We have examined the compliance of conditions of Corporate Governance by MRF Limited, for the year ended on 30th September, 2013, as stipulated in Clause 49 of the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MRF LIMITED, ON THE ACCOUNTS FOR THE YEAR ENDED 30TH SEPTEMBER, 2013.

Report on the Financial Statements

We have audited the accompanying Financial Statements of MRF LIMITED ('the Company') which comprise the Balance Sheet as at 30th September, 2013, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and the explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and

the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 30th September, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date, and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we give in the annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Companies Act, 1956 we report that:
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account, as required by law, have been kept by the Company so far as appears from our examination of those books;
 - c) The Balance Sheet, Statement of Profit and Loss and Cash Flow statement dealt with by this report are in agreement with the books of account;

- d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
- e) On the basis of written representations received from the Directors as on 30th September, 2013 and taken on record by the Board of Directors and on the basis of examination of the records of the Company, we report and certify that none of the Directors is disqualified as on 30th September, 2013 from being appointed as a Director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.

ANNEXURE TO THE AUDITORS' REPORT

(Referred to in our report of even date to the members of MRF LIMITED as at and for the year ended 30th September, 2013)

- i) a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets;
- b) As explained to us, the fixed assets have been physically verified by the management, at reasonable intervals, in accordance with a phased programme of verification, which in our opinion, is reasonable, considering the size of the Company and the nature of its assets. No material discrepancies were noticed on such physical verification;
- c) The Company has not disposed off any substantial part of its fixed assets so as to affect its going concern status.
- ii) a) The inventory has been physically verified by the management during the year at reasonable intervals, except for materials lying with third parties, where confirmations are obtained;
- b) The procedures of physical verification of the inventory followed by the management are, in our opinion, reasonable and adequate in relation to the size of the Company and nature of its business;
- c) The Company has maintained proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii) a) The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly, Clauses 4(iii) (b) to (d) of the Order are not applicable.
- b) The Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly, Clauses 4(iii) (f) & (g) of the Order are not applicable.

- iv) In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the Company and the nature of its business with regard to purchase of inventory, fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
- v) a) Based on the audit procedures applied by us and according to the information, explanations and representations given to us, we are of the opinion that particulars of contracts or arrangements referred to in Section 301 of the Companies Act, 1956 have been entered in the register required to be maintained under that section.
- b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of contracts or arrangements entered in the register maintained under Section 301 of the Companies Act, 1956 exceeding the value of rupees five lacs in respect of any party during the year have been made at prices which are reasonable having regard to prevailing market prices at that time.
- vi) The Company has complied with the directives issued by the Reserve Bank of India and provisions of Sections 58A, 58AA and other relevant provisions of the Companies Act, 1956 and the rules framed thereunder with regard to deposits accepted from the public. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this regard.
- vii) In our opinion, the Company has an adequate internal audit system commensurate with its size and nature of its business.
- viii) We have broadly reviewed the Books of Account maintained by the Company as prescribed by the Central Government for maintenance of cost records under Section 209(1)(d) of the Companies Act, 1956, and are of the opinion that prima-facie the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the accounts and records.
- ix) a) According to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues

including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other statutory dues with appropriate authorities. According to the information and explanations given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 30th September, 2013 for a period of more than six months from the date they became payable;

- b) According to the information and explanations given to us, the details of disputed sales-tax, customs duty, excise duty and income-tax which have not been deposited as at 30th September 2013 on account of any dispute, are as under:

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH SEPTEMBER, 2013

1. SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING:

The financial statements are prepared under the historical cost convention on an accrual basis, in accordance with relevant requirements of the Companies Act, 1956 and applicable Accounting Standards notified by the Companies (Accounting Standards) Rules, 2006.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956.

B. USE OF ESTIMATES:

The preparation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period. Difference between the actual results and estimates are recognised in the period in which the results are known or materialise.

C. FIXED ASSETS AND DEPRECIATION:

a. Fixed Assets are stated at cost net of credits under Cenvat/VAT Schemes. All costs relating to the acquisition including freight and installation of fixed assets are capitalised and also include interest on borrowings upto the date of capitalisation.

b. Depreciation:

(i) Depreciation on buildings, plant and machinery, moulds and a part of other assets has been provided on straight line method at the rates and on the basis as specified in Schedule XIV to the Companies Act, 1956, and in respect of vehicles and a part of other assets where, based on management's estimate of the useful life of the assets, higher depreciation has been provided on straight line method at the rate of 20%.

(ii) Assets acquired/purchased costing less than Rupees Five Thousand have been depreciated at the rate of 100%.

(iii) Depreciation on Renewable Energy Saving Devices, viz., Windmills, is being charged on Reducing Balancing Method, as Continuous Process Plant at the rates and on the basis as specified in Schedule XIV to the Companies Act, 1956.

(iv) Leasehold Land is amortised over the period of the lease.

(v) Intangible Assets are amortised over 5 years commencing from the year in which the expenditure is incurred.

D. IMPAIRMENT OF ASSETS:

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

E. INVESTMENTS:

Investments that are readily realisable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

F. INVENTORIES:

Inventories consisting of stores and spares, raw materials, stock-in-process, stock-in-trade and finished goods are valued at lower of cost and net realisable value.

The cost is computed on FIFO basis except for stores and spares which are on Weighted Average Cost basis and is net of credits under Cenvat/VAT Schemes.

Stock-in-process and finished goods inventories include materials, labour cost and other related overheads.

G. REVENUE RECOGNITION:

Sale of goods and services are recognised when risks and rewards of ownership are passed on to the customers which generally coincides with delivery and when the services are rendered. Sales include excise duty but exclude VAT and warranty claims.

H. EXCISE DUTY:

Excise Duty has been accounted on the basis of both payments made in respect of goods despatched and also provision made for goods lying in bonded warehouses.

I. RESEARCH AND DEVELOPMENT:

Revenue expenditure on research and development is charged to the Statement of Profit and Loss of the year in which it is incurred. Capital expenditure on research and development is included as additions to fixed assets.

J. TAXATION:

Provision for current tax is made on the basis of estimated taxable income for the current accounting period and in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been enacted or substantially enacted on the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

If the company has carry forward unabsorbed depreciation and tax losses, deferred tax assets are recognised only to the extent there is a virtual certainty supported by convincing evidence that sufficient taxable income will be available against which such deferred tax assets can be realised.

K. LEASES:

Lease payments under operating leases are recognised as expenses on straight line basis over the lease term in accordance with the period specified in respective agreements.

L. EMPLOYEE BENEFITS:

The Company contributes to regional provident fund commissioner on behalf of its employees and such contributions are charged to the Statement of Profit and Loss. In respect of some of its employees the Company contributes the provident fund to a trust established for this purpose based on fixed percentage of the eligible employees' salary and is charged to the Statement of Profit and Loss. The Company is liable for annual contributions and any shortfall in the fund assets and interest based on the Government specified minimum rate of return and recognises such contributions and shortfall, if any, as an expense in the year incurred.

The Company also contributes to a government administered Pension Fund on behalf of its employees, which are charged to the Statement of Profit and Loss.

Superannuation benefits to employees, as per Company's scheme, have been funded with Life Insurance Corporation of India (LIC) and the contribution is charged to the Statement of Profit and Loss.

Liabilities with regard to gratuity are determined under group gratuity scheme with LIC and the provision required is determined as per actuarial valuation as at the Balance Sheet date, using the projected unit credit method.

Short term employee benefits are recognised as an expense as per the Company's scheme based on expected obligation on undiscounted basis. Other long-term employee benefits are provided based on the actuarial valuation done at the year end, using the projected unit credit method.

Actuarial gain/loss are charged to the Statement of Profit and Loss and not deferred.

M. FOREIGN CURRENCY TRANSACTIONS:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction or that approximates the actual rate as at the date of transaction.

Monetary items denominated in foreign currencies at the year end are restated at year end rates. In case of monetary items which are covered by forward exchange contracts, the difference between the year end rate and the contracted rate is recognised as exchange difference. Premium paid on forward contracts is recognised over the life of the contract. Non-monetary items are carried in terms of historical cost denominated in foreign currency and is recorded using the exchange rate prevailing at the date of the transaction or that approximates the actual rate as at the date of transaction.

In respect of branches, which are integral foreign operations, all transactions are translated at rates prevailing at the date of transaction or that approximates the actual rate as at the date of transaction. Branch monetary assets and liabilities are restated at the year-end rates. Any income or expense on account of exchange rate difference either on settlement or on translation is recognised in the Statement of Profit and Loss.

N. DERIVATIVE TRANSACTIONS:

The Company uses derivative financial instruments, such as Forward Exchange Contracts, Currency Swaps and Interest Rate Swaps, to hedge its risks associated with foreign currency fluctuations and interest rates. Currency and interest rate swaps are accounted in accordance with their contract. At every period end, all outstanding derivative contracts are fair valued on a marked-to-market basis

and any loss on valuation is recognised in the Statement of Profit and Loss, on each contract basis. Any gain on marked-to-market valuation on respective contracts is not recognised by the Company, keeping in view the principle of prudence as enunciated in AS-1 "Disclosure on Accounting Policies".

O. BORROWING COSTS:

Borrowing costs that are attributable to the acquisition of or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

P. WARRANTY:

Provision for product warranties is recognised based on management estimate regarding possible future outflows on servicing the customers during the warranty period. These estimates are computed on scientific basis as per past trends of such claims.

Q. PROVISIONS AND CONTINGENT LIABILITIES:

A provision is recognised when there is a present obligation as a result of a past event where it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realized.

- n. a) In terms of the guidance on implementing the revised AS 15 issued by the Accounting Standard Board of the Institute of Chartered Accountants of India, the Provident Fund Trust set up by the Company is treated as Defined Benefit Plan since the Company has to meet the shortfall in the fund assets, and interest based on the Government specified minimum rate of return, if any. However, as at the year end, no shortfall remains unprovided for. Further, having regard to the assets of the Fund and the Return on the Investments, the Company does not expect any deficiency in the foreseeable future. In terms of the guidance note issued by the Institute of Actuaries of India, the actuary has provided a valuation of provident fund liability based on the assumptions listed below and determined that there is no shortfall as at 31st March, 2013.
The assumptions used in determining the present value of obligation of the interest rate guarantee under deterministic approach are:
Projection is restricted to five years or earlier, if retirement occurs.
Expected guaranteed interest rate - 8.50%
Discount rate - 8.00%

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF MRF LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of MRF LIMITED ('the company') and its subsidiaries (the Company and its subsidiaries constitute the 'Group') which comprise the Consolidated Balance Sheet as at 30th September, 2013, the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries as noted below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Consolidated Balance Sheet, of the State of Affairs of the group as at 30th September, 2013;
- b) In the case of the Consolidated statement of Profit and Loss, of the Profit of the group for the year ended on that date; and
- c) In the case of the Consolidated Cash Flow Statement, of the Cash Flows of the group for the year ended on that date.

Other Matter

In respect of the financial statements of certain subsidiaries, we did not carry out the audit. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included in respect of subsidiaries, is based solely on the

reports of the other auditors. The details of assets, revenues and net cash flows in respect of these subsidiaries to the extent to which they are reflected in the consolidated financial statements, are given below:

		(₹ Crore)		
	Year ended	Total Assets (Net)	Total Revenues	Net Cash inflows / (Outflows)
