MRF LIMITED

Business Responsibility Policy

At MRF, we are committed to balancing the needs of business and various stakeholders and strive to:-

- Adopt good governance and responsible business practices in our engagements with stakeholders (including investors, customers, suppliers, employees, community and regulatory agencies);
- Adopt customer oriented processes for achieving customer satisfaction;
- Incorporate environmental and safety considerations in our products and business operations;
- Consider well-being of employees and adopt fair workplace practices;
- Undertake appropriate CSR initiatives in identified thrust areas.

Initiatives Taken For Reducing Green House Gas Emissions **During The Financial Year 2016-17**

- Improved insulation for steam line networks;
- Process changes resulting in reduction of consumption of steam and power;
- Use of energy efficient lighting system;
- Optimization and rationalization of pumps and motors;
- Introduction of small solar plants for power generation.
